

Open Cloud Native Service Hub

Serval connects businesses, developers, and cloud providers on a unified hub, offering secure, scalable, and easy-to-use cloud-native services.

Serval simplifies multi-cloud adoption, enhances agility, optimizes costs, and ensures security and compliance.

With Serval, businesses can seamlessly access and deploy a vast range of software, databases, applications, and DevOps tools across multiple cloud providers and regions.

Why Choose Serval?

- ▶ **Faster Time-to-Market** – Deploy services instantly from a vast catalog.
- ▶ **Cloud-Agnostic** – Run services on any cloud or on-premises.
- ▶ **Security & Compliance** – Built-in GDPR, ISO, ISAE compliance.
- ▶ **Sovereignty** – Choose from multiple cloud provider zones.
- ▶ **Cost Optimization** – Transparent pricing and lower cloud expenses.
- ▶ **Seamless Integration** – Kubernetes-native, pre-configured solutions.
- ▶ **Scalable & DevOps-Ready** – Services that grow with your business.
- ▶ **Fully Managed** – VSHN handles maintenance, updates, and monitoring.
- ▶ **Open Source & Enterprise-ready** – Choose between open-source and commercial editions.
- ▶ **Expert Network** – Access consulting partners for optimization.

Unlock the Power of Cloud Native Services

Who benefits from Servala?

For **Software Vendors**, Servala provides a powerful channel to distribute, monetize, and operate their software as managed services. **Cloud Providers** can extend their core infrastructure offerings with value-added services. **Enterprise Private Clouds** gain seamless access to trusted services and applications while maintaining full control over security and compliance.

Software Vendors

- ✓ Transform software into SaaS offerings
- ✓ Reach new markets through our existing partner network
- ✓ Streamline operations and monetization

Cloud Providers

- ✓ Offer value-added services to customers
- ✓ Enhance operational efficiency and market reach
- ✓ Keep pace with fast-changing industry demands

Enterprise Private Clouds

- ✓ Access scalable, secure, and cost-efficient services
- ✓ Enable self-service installation of trusted applications
- ✓ Ensure compliance, boost developer productivity, and simplify operations

Available Services

Hi, I'm Sir Vala.
How can I help you?

Did you know? The serval (*Leptailurus serval*) is a wild cat native to Africa, found in grasslands, wetlands, and forests across sub-Saharan regions. It is protected in many areas, with hunting regulated or prohibited.
